You won't find the Mississippi River in Long Beach  
Might be some delta blues on the dark side of town  
If you look hard enough you just might find it  
Just takes a keen sense of blue notes and diggin' around

You say ain't no soul in California  
You can call us down south wantabies  
I'm sure if you dig down deep you'll find it  
A little guitar and saxophone 'll make you want to believe

Can I get an AMEN  
AMEN  
Aint no church we're cutting out the middle man  
Can I get an AMEN  
AMEN  
Give tithe to the One Four Five then sing it again

You can trade 8s with Sugarray in Studio City  
Hang with da boys at the Boom Boom Room  
You can find 12 bars at BABE'S & RICKY'S  
Harvelle's, still bouncing 1432

You Say ain't got soul in California  
You can call us down south wantabies  
I'm sure if you dig down deep enough it'll catch ya  
A little guitar and saxophone 'll make you want to believe

Can I get an AMEN  
AMEN  
Aint no church we're cutting out the middle man  
Can I get an AMEN  
AMEN  
give tithe to the One Four Five then sing it again
